

Special Issue on

Hybrid Organic-Inorganic Materials, from Fundamentals to Practical Applications

# Call For Papers

A new Special Issue *Hybrid Organic-Inorganic Materials, from Fundamentals to Practical Applications* (<http://www.journalchemistry.org/sinfo/125015>) has been launched in *Science Journal of Chemistry* (<http://www.journalchemistry.org>). This Special Issue intends to collect research achievements concerning Hybrid Organic-Inorganic Materials. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

## Lead Guest Editor

Lead Guest Editor: Melek Hajji

Affiliation: Department of Chemistry, University of Kairouan, Kairouan, Tunisia

## Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.journalchemistry.org/submission>

## Topics of Interest Include (but not limited to):

- ◆ Design and synthesis of new hybrid organic-inorganic materials
- ◆ Experimental, simulation and theoretical studies of the structure-activity relationships
- ◆ Significance of hybrid materials in electronics, energy, data storage and environmental sciences...
- ◆ Novel synthetic ways and reaction mechanisms
- ◆ Potential applications of hybrids in biochemical, biological and biomedical fields
- ◆ Physical properties, emphasizing but not limited to the electrical, magnetic and optical features...

## Important Dates

Submission Deadline: **Feb. 20, 2020**

Publication Deadline: **Apr. 20, 2020**

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
