Special Issue on

Special Collection on Numerical and Analytical Methods for Solving Different Types of PDE's and ODE's

Call For Papers

A new Special Issue *Special Collection on Numerical and Analytical Methods for Solving Different Types of PDE's and ODE's* (http://www.applmath.org/sinfo/148019) has been launched in *American Journal of Applied Mathematics* (http://www.applmath.org). This Special Issue intends to collect research achievements concerning numerical and analytical methods for solving different types of PDE's and ODE's. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Hijaz Ahmad

Affiliation: Department of Basic Sciences, University of Engineering and Technology Peshawar, Pakistan, swabi, kpk, Pakistan

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

http://www.applmath.org/submission

Topics of Interest Include (but not limited to):

- Analytic solutions
- Partial differential Equation
- Ordinary Differential Equation
- Mathematical models for linear and nonlinear problems
- Numerical/analytical methods for nonlinear problems
- Mathematical models for nonlinear problems for engineering, including differential equations, fractal theory, fractional calculus, fractal calculus and others

Important Dates

Submission Deadline: **Apr. 15, 2020**

Publication Deadline: **Jun. 15, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
