

Special Issue on

Remote Sensing and Gis Applied to Mineral Exploration

Call For Papers

A new Special Issue *Remote Sensing and Gis Applied to Mineral Exploration* (<http://www.esjournal.org/sinfo/161031>) has been launched in *Earth Sciences* (<http://www.esjournal.org>). This Special Issue intends to collect research achievements concerning Remote Sensing and Gis. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Jonas Didero Takodjou Wambo

Affiliation: Department of Earth Sciences, University of Yaounde I, Yaounde, Cameroon

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.esjournal.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Application of RS data for structural mapping in metallogenic provinces
- ◆ Hydrothermal alteration mineral mapping
- ◆ GIS and remote sensing integration for Mineral exploration Targeting
- ◆ Integration of multispectral and hyperspectral data for mineral mapping
- ◆ The use of RS/GIS in mineral exploration targeting
- ◆ Exploration information systems (EIS) for mineral mapping

Important Dates

Submission Deadline: **Sep. 30, 2020**

Publication Deadline: **Nov. 30, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
