### **Special Issue on**

Assessment of Reclamation State of Saline and Alkaline Soils and Modern Methods of Their Reclamation

# **Call For Papers**

A new Special Issue Assessment of Reclamation State of Saline and Alkaline Soils and Modern Methods of Their Reclamation (http://www.esjournal.org/sinfo/161032) has been launched in *Earth Sciences* (http://www.esjournal.org). This Special Issue intends to collect research achievements concerning Soil Salinization and Alkalization. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

#### Lead Guest Editor

Lead Guest Editor: Samvel Sahakyan

Affiliation: Department of Melioration, Scientific Center of Soil Science, Agrochemistry and Melioration of National Agrarian University of Armenia, Yerevan, Armenia

# **Paper Submission**

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

http://www.esjournal.org/submission

#### Topics of Interest Include (but not limited to):

- saline-alkaline soils
- estimation of ameliorative state
- **Important Dates**

Submission Deadline:	Sep. 30, 2020
Publication Deadline:	Nov. 30, 2020

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below: http://www.esjournal.org/jsgt/161032

- physical properties
- reclamation

- acceleration soil reclamation
- reduction norms and period of leaching time
