

Special Issue on New Trends of Photocatalysis in Energy and Environmental Applications

Call For Papers

A new Special Issue *New Trends of Photocatalysis in Energy and Environmental Applications* (<http://wjappplchem.org/sinfo/206001>) has been launched in *World Journal of Applied Chemistry* (<http://www.wjappplchem.org>). This Special Issue intends to collect research achievements concerning Energy & Environment. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Hossam Eldin El Nazer

Affiliation: National research Centre in Egypt, Giza, Egypt

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://wjappplchem.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Treatment and disinfection of water and wastewater
- ◆ advanced materials for photochemical and photocatalytic applications
- ◆ Process fundamentals and principles
- ◆ treatment air pollutants using photocatalytic techniques
- ◆ New perspectives in environmental photochatalysis
- ◆ Photocatalytic hybrid systems
- ◆ Photochemistry and photocatalysis
- ◆ Semi-pilot and pilot solar photocatalytic systems
- ◆ H₂ production and CO₂ reduction using Photocatalytic systems

Important Dates

Submission Deadline: **Feb. 25, 2020**

Publication Deadline: **Apr. 25, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
