

Special Issue on Physical Processes in Granulated Semiconductors

Call For Papers

A new Special Issue *Physical Processes in Granulated Semiconductors* (<http://www.ajnano.org/sinfo/226038>) has been launched in *American Journal of Nano Research and Applications* (<http://www.ajnano.org>). This Special Issue intends to collect research achievements concerning Semiconductor granular materials. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Lutfiddin Olimov

Affiliation: Andijan Machine Building Institute, Andijan, Uzbekistan

Papers Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by <http://www.ajnano.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Semiconductor granular materials
- ◆ Thermoelements
- ◆ Micro- and nano-sized semiconductors
- ◆ Influence of the structure on the formation of electron-hole pairs and the transfer of charge carriers in granular semiconductors
- ◆ Where electron-hole pairs
- ◆ Problems of creating thermoelectric materials based on granulated semiconductors

Important Dates

Submission Deadline: **Feb. 20, 2020**

Publication Deadline: **Apr. 20, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
