

# Special Issue on Computational Technologies in Concrete Structures

## Call For Papers

A new Special Issue *Computational Technologies in Concrete Structures* (<http://www.jccee.org/sinfo/617002>) has been launched in *Journal of Civil, Construction and Environmental Engineering* (<http://www.jccee.org>). This Special Issue intends to collect research achievements concerning Construction & Engineering. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

### Lead Guest Editor

Lead Guest Editor: Shrikant Harle

Affiliation: Prof Ram Meghe College of Engineering & Management, Badnera, India

### Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.jccee.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ Plasticity
- ◆ Fiber reinforced concrete
- ◆ High performance concrete
- ◆ Durability of concrete structures
- ◆ Fracture Mechanics
- ◆ performance under extreme conditions
- ◆ Modeling of concrete structures
- ◆ Creep
- ◆ concrete mix design
- ◆ Fracture of concrete

### Important Dates

Submission Deadline: **Feb. 25, 2020**

Publication Deadline: **Apr. 25, 2020**

### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
