

Special Issue on

Green Nanoparticles as Corrosion Inhibitor for Steel Reinforcement in Aggressive Environment

Call For Papers

A new Special Issue *Green Nanoparticles as Corrosion Inhibitor for Steel Reinforcement in Aggressive Environment* (<http://www.jccee.org/sinfo/617004>) has been launched in *Journal of Civil, Construction and Environmental Engineering* (<http://www.jccee.org>). This Special Issue intends to collect research achievements concerning Green Nanoparticles. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Mohammad Ali Asaad

Affiliation: University of Technology, Skudai, Iskandar Puteri, Malaysia

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.jccee.org/submission>

Topics of Interest Include (but not limited to):

- ♦ Green corrosion inhibitor
- ♦ Nanoparticles inhibitor
- ♦ Corrosion resistance
- ♦ Reinforced concrete
- ♦ Morphology
- ♦ Polarization resistance

Important Dates

Submission Deadline: **Apr. 30, 2020**

Publication Deadline: **Jun. 30, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
